FOR IMMEDIATE RELEASE

Public Health Declares Outbreak Over at St. Joseph's Lifecare Centre Brantford

The outbreak at St. Joseph's Lifecare Centre Brantford, reported December 21st has now been declared over by Brant County Health Unit. At this time there are no known positive cases of COVID-19 among our resident population or our staff population. While this is very good news, it does not result in any changes to visitation restrictions or admissions, since the province is currently in lockdown.

We continue to follow a principle of open and transparent communication as we respond to COVID-19 and as always, the well-being of those in our care remains our top priority.

All staff continue to be tested on a weekly basis as a measure of safety against the spread of the COVID-19 virus.
