

St. Joseph's Long-Term Care COVID-19 Case Count update

Friday, August 5, 2022

COVID-19 Details	#	Special Considerations
Total Active Positive Resident Cases	0	BCHU has declared the Outbreak to be over. Communal dining and small group activities on Chestnut have now resumed.
New cases since date of last report (July 27, 2022)	0	
*Residents Awaiting results of PCR test	2	
Active Positive Staff Cases	2	
**Staff being monitored (this includes positive staff cases)	3	
Returned to work (for period beginning July 13, date the current outbreak began)	28	
New Information for today. We are pleased to report that Brant County Health Unit has declared the outbreak to be over. We will return to non-outbreak protocols on Saturday morning with some exceptions. A family communication is being sent out this afternoon with more details.		

Explanatory notes

*There are a number of reasons why residents undergo a PCR test:

- Admission / readmission
- Symptomatic of COVID 19
- Positive results on a RA test
- High risk exposure
- Surveillance testing

**Staff can be monitored for a number of reasons such as:

- They are confirmed positive
- They have tested positive on a rapid antigen test and are awaiting results of a PCR test
- they are symptomatic but have not tested positive
- they are a close contact of someone who has tested positive

***Not all staff absences are due to testing positive for COVID 19. They may have been away due to the reasons listed in the "Monitoring" section above.

Please note that the total number of cases listed on the Brant County Health Unit website reflects the total number of cases since an outbreak began, not the active case count.
